Design

Eli transforms the classic wingback chair into an upscale, trendy accent chair. Queen Anne legs give Eli a graceful aesthetic, allowing the chair to be classy and chic. Soft roll arms ensure the timeless design of old-school chairs is upheld and elevated.

Performance

All of the foam components are environmentally friendly and California TB117 compliant

India Tape is utilized in the seams to ensure Eli is kept bed bug proof

Eli's frame is constructed of solid Canadian hardwood with plywood components

All joins in the wood are glued and stapled to double the strength

Noise-canceling fabric is used to cover the back springs, to prevent unwanted squeaks and damage to the foam
